

AMOS SS25 Project 3 Smart Routing

Project name	Smart Route Planning Application
Project mission	The mission of this project is to create an application for Smart Route Planning. Core functionality will include uploading appointment data, generating an optimized route plan based on efficiency criteria (e.g., time, cost, resource usage, skills), and displaying the resulting plan on an interactive map interface at a day level.
Industry partner	Meisterwerk APP GmbH
Team logo	
Project summary	The Smart Route Planning App is a web-based solution designed to help field service teams plan and visualize daily work schedules efficiently. Users upload a single data file containing depot locations, worker counts, and appointment details; the system then runs a customizable optimization algorithm, factoring in vehicle time windows, skills, service durations, and break periods to generate balanced route plans. Results are presented with interactive map visualizations. Built with a modular frontend/backend architecture, the Smart Route Planning App provides a flexible foundation ready for adding advanced configuration and features.

Vehicle 1

Total Appointments: 7

Travel: 31.39 km

Service: 210 mins

Waiting: 114 mins

Slack: 57min avg

Am Pankepark, 10115 Berlin

Depot Hours

12:00 AM - 11:59 PM

Travel to next: 15 min Distance: 5.22 km

Tauentzienstraße 20, 10789 Berlin

Scheduled Time

07:00 AM - 09:00 AM

Actual Arrival & Departure

08:23 - 08:53

Tight Schedule

0 min slack

Service: 30 mins

Workers: 1

Skills: Technician

Travel to next: 15 min Distance: 7 km

Burgemeisterstraße 34, 12103 Berlin

Scheduled Time

09:00 AM - 11:00 AM

Actual Arrival & Departure

09:08 - 09:38

Tight Schedule

0 min slack

Service: 30 mins

Workers: 2

Skills: Technician

Travel to next: 7 min Distance: 2.68 km

Gontermannstraße 52, 12101 Berlin

Scheduled Time

09:15 AM - 10:15 AM

Actual Arrival & Departure

09:45 - 10:15

Buffer Time

14 min waiting

Service: 30 mins

Workers: 3

Skills: Technician

Travel to next: 16 min Distance: 5.94 km
